

LETTER OF PERMISSION

Owner First Name:

Last Name:

Address:

City:

As the owner(s) of the above residence, I do hereby give permission for the Vendor of the Infrastructure to complete the work listed below. I understand that all options will be explained completely by the technician before signing this form. As the owner of this property I acknowledge and agree that drilling a cable to the exterior of the home and installation of a CSE, may void any warranties if my home has aluminum or vinyl siding. I also acknowledge and agree that I will not hold Rogers responsible or its authorizing contractor responsible and/or liable for any damage that may arise as a result of the agreed upon work completed by the technician.

Drilling

- ☐ Interior walls- pass cable(s) from one location to another.
- ☐ Exterior walls –drilling completely through brick to bring cable into home, including attaching cable to the side to the side of the home. (The route will explained by the technician prior to signing)
- ☐ Baseboards/Flooring/Ceiling
- ☐ Other (details)

Stapling

- ☐ Door Frames
- ☐ Baseboard ¼ round
- ☐ Other (details)

Miscellaneous

- ☐ Cutting Holes in Drywall. (Any holes larger than the standard wall plate will be the customer's responsibility to repair after the installation)
- ☐ Moving Furniture (Customer assumes full liability, should any damage or breakage occur)
- ☐ Other (details)
